WISCONSIN DOCUMENT IMAGING

Wisconsin Document Imaging

With our roots dating back to 1963, Wisconsin Document Imaging has provided small and medium-sized businesses with cost-saving office equipment and technology as well as comprehensive IT support and managed print services. Our goal is to ensure your business is productive, efficient, and equipped with the latest office technology and security. By partnering with industry-leading brands that offer high-quality, reliable office equipment, software, and security, we will make sure your business stays ahead of the curve. We realize that there is no one-size-fits-all solution. Therefore, our products and services are varied and flexible to accommodate any budget, industry, and environment.

OUR PHILOSOPHY

We believe that the best way to solve a hardware or IT issue is to prevent it from ever happening in the first place. This is why we leverage a proactive service approach to predict and eliminate your technology issues - before they influence your business. We are dedicated to serving our clients by listening to them, learning about the challenges that they face, clarifying our process to maintain transparency, and reiterating how our solutions are of benefit to those we assist.

OUR COMMITTMENT TO YOU

We pledge to provide outstanding client satisfaction through responsive service, innovative products, and services. Our employees are empowered to do whatever it takes to exceed our client's expectations. Our commitment to our employee's personal and career development ensures continued organization growth and dedication to excellence! With the assistance of WDI, you can improve your operations through the use of top-of-the-line hardware, software, IT solutions and service and boost your internal productivity and inspire growth. We would love to be a part of your success story!

RICOH xerox KYOCERA

WDI MANAGED PRINT SERVICES PROVIDED

Print Assessment & Discovery, Monitoring & Reporting, and Leasing & Rental Options

With Wisconsin Document Imaging's Managed Print Services, you don't ever have to worry about running out of toner. Your office printers can be wired up to talk to each other from across the room, or across the country. They can talk to us too. Your copier or printer can tell us when it has a problem and we'll be there right away to fix it.

We can't promise that your machines will never go down – that would be some sort of technical sorcery that would amaze even our printer geeks. We can promise, however, that downtimes will be less frequent, and if they do happen, they'll be fixed more quickly than ever before.

WDI PRODUCTION PRINT SERVICES

Wisconsin Document Imaging provides a range of solutions for those in need of production print. We offer everything from wide format, envelope printing, and offline finishing capabilities to ensure every job is perfect. Our Xerox and Ricoh PRO series are the swiss army knives for all your color needs. Our equipment is entirely customizable so that you get exactly what you need!

Document Management Software Solutions

WHAT WDI CAN DO FOR YOU WITH DOCUWARE

- Remove the paper monster and long approval processing by your AP Department.
- Capture all incoming vendor invoices and digitize every invoice with our Robotic Process Automation (RPA) solution: Intelligent Indexing.
- Provide a central, secure repository that retains all the data on every invoice for you to instantly search, retrieve and share.
- Leverage our fast, flexible pre-configured workflows for approval routing, or use straight-through processing to help expedite payments and keep your team on track. All aligned with your approval processes.

Save time by eliminating paper data entry?

Free staff from manually shuffling paper and double-entry typing. This time savings eliminates errors and allows them to focus on more productive tasks. Enjoy lower costs associated with less paper handling.

Save money by taking advantage of early pay discounts?

Processing invoices in a timely manner allows advantage of early payment discounts, avoid late fees and keep vendors happy. Strong vendor relationships improve price negotiations, delivery of goods, and possibly even further discounts.

Save headaches with quick approval responses, no more searching for vendor invoices and easier audits?

With automated digital processes in place, avoid duplicate or over-payments, fraudulent vendors and the risk of non-compliance. Key decision makers have total transparency to ensure business continuity.

VoIP Phone Systems

VOIP PHONE SYSTEMS FOR BUSINESS

A VoIP phone system for your office may seem intimidating for those who have years of experience using a traditional system. It's understandable to hesitate to switch to an innovative IP telephony structure.

The latest VoIP technology phone systems proved all the traditional functionality through your existing in-house computer network. ABS can swiftly walk you through the new system and line out the short and long-term benefits of utilizing such a system for your office.

Innovation through a VoIP system can be one of the most important steps a business owner can take to improve business communications and productivity.

BENEFITS OF USING VOIP

Here are some common features you'll need to consider for a VoIP phone system.

What is a VoIP Digital Phone System?

Today's businesses are always trying to find ways to improve productivity and reduce costs. VoIP is one of those few implementations that can bring about both of those goals much more effectively than your traditional phone setups and IP telephony. This is a completely new way of your staff communicating with clients and customers and passing information that is vital for your growth as a company. This is the perfect solution for managing a mobile workforce that is always on the go or working remotely from home or various locations. And it doesn't matter if you have a 5-person office staff or a significant multi-location operation, ABS will assist in the design, build and support of your new VoIP phone system.
