

Pricing & Onboarding Details

Monthly Pricing Model

Monthly charges for all-inclusive package including software, infrastructure, hosting, IP addresses, Customer Premise Equipment (CPE) and 24/7 support:

- One-time charges for installation and setup: \$100 per device
- Small Appliance with 1 Internet connection: \$115 per month
- Large Appliance with 1 Internet connection: \$125 per month
- Large Appliance with 2 Internet connections: \$155 per month
- Additional Internet Connection: \$35 per month

Simple contract terms with no annual commitment.

Simple Onboarding Process

As we are providing the equipment the only decision for you is how many internet connections you will need. Once you have that information simply place your order with TAG on our website and we will ship your device, provide step-by-step instructions for you and setup your customer site in our management console for you.
